

MANUFACTURING SUPPLIER OF THE YEAR 2016

NMI wish to congratulate these firms, who were voted by the manufacturing sites to be the top ten suppliers in 2016 within our sector.

KMG Ultra Pure Chemicals came out on top for the 2nd year running and were awarded the Manufacturing Supplier of the Year. Maintaining a high performing infrastructure is essential to support a healthy electronics sector within the UK. The top ten suppliers were identified by asking our manufacturing sites to rate all NMI Supplier members in the following areas:

- Customer Responsiveness
- Quality of Products
- Criticality of Product to Business
- Continuous Improvement Activities to Improve Products or Services
